PCTEL Reports \$21.7 Million in First Quarter Revenue

BLOOMINGDALE, Ill. – May 9, 2018 – PCTEL, Inc. (Nasdaq: PCTI), a leader in Performance Critical TELEcom solutions, announced its results for the first quarter ended March 31, 2018.

Highlights from Continuing Operations

- **Revenue of \$21.7 million in the quarter**, in line with guidance, down 5% from the first quarter last year. Connected Solutions segment revenue was up 3%. RF Solutions segment revenue was down 30%, due to deferred carrier capital budget deployment in North America.
- **Gross profit margin of 36.2% in the quarter**, down 500 basis points compared to last year. The primary reason for the decrease is lower revenue in the RF Solutions segment which has higher margin from its scanner products compared to antenna products. Price erosion in the small cell antenna market also contributed to the decline.
- **Net loss per diluted share of \$0.05 in the quarter**, compared to net income of \$0.01 last year.
- **Non-GAAP net income and adjusted EBITDA are measures the Company uses to reflect the results of its core earnings.** A reconciliation of those non-GAAP measures to our financial statements is provided later in the press release.
 - **Non-GAAP net loss per diluted share of \$0.01**, compared to Non-GAAP net income per diluted share of \$0.05 in the first quarter last year.
 - **Adjusted EBITDA margin as a percent of revenue of 2% in the quarter, compared to 7% last year.**
- **\$34.7 million of cash and short-term investments and no debt at March 31, 2018.**

“The Company saw revenue growth for its Connected Solutions products in the enterprise Wi-Fi market during the quarter. RF Solutions revenue was down in the North American market, due to the slow release of capital budget by several U.S. carriers,” said David Neumann, PCTEL’s CEO. “PCTEL is well positioned to take advantage of the long-term growth opportunities in Industrial IoT and 5G, which require both performance critical antenna solutions across multiple vertical markets and RF test equipment.”

PCTEL Safe Harbor Statement

This press release and our related comments in our earnings conference call contain "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Specifically, the statements regarding our future financial performance, growth of our Connected Solutions and RF Solutions businesses, anticipated demand for certain products, our expectations regarding capital expenditures by U.S. carriers, and the anticipated growth of public and private wireless systems are forward-looking statements within the meaning of the safe harbor. These statements are based on management's current expectations and actual results may differ materially from those projected as a result of certain risks and uncertainties, including the impact of data densification and IoT on capacity and coverage demand, impact of 5G, customer demand for these types of products and services generally, growth and continuity in PCTEL's vertical markets, and PCTEL's ability to grow its wireless products business and create, protect and implement new technologies and solutions. These and other risks and uncertainties are detailed in PCTEL's Securities and Exchange Commission filings. These forward-looking statements are made only as of the date hereof, and PCTEL disclaims any obligation to update or revise the information contained in any forward-looking statement, whether as a result of new information, future events or otherwise.

This table reconciles the Company's GAAP operating (loss) income to non-GAAP operating (loss) income. The Company believes the presentation of this table provides meaningful supplemental information to both management and investors that is not otherwise reflected in the Company's consolidated financial statements of operating results and operating performance. The Company uses non-GAAP measures when evaluating its financial results on a long-term planning and forecasting basis. These non-GAAP measures should not be used as a substitute for the Company's GAAP results.

The adjustments to GAAP operating (loss) income consist of stock appreciation expense and amortization of intangible assets. The adjustments to GAAP net (loss) income include the non-GAAP adjustments to operating (loss) income as well as adjustments for (loss) or gain on the sale of equity.

This schedule reconciles the Company's GAAP operating (loss) income by segment to its non-GAAP operating (loss) income. The Company believes that presentation of this schedule provides meaningful supplemental information to both management and investors that is indicative of the Company's core operating results and facilitates comparison of operating results across reporting periods. The Company uses these non-GAAP measures when evaluating its financial results as well as for internal planning and forecasting purposes. These non-GAAP measures should not be viewed as a substitute for the Company's GAAP results.

The adjustments to GAAP operating (loss) income consist of stock compensation expense and amortization of intangible assets.

This schedule reconciles the Company's GAAP operating (loss) income to Adjusted EBITDA. The Company believes that this schedule provides meaningful supplemental information to both management and investors that is indicative of the Company's core operating results and facilitates comparison of operating results across reporting periods. The Company uses Adjusted EBITDA when evaluating its financial results as well as for internal planning and forecasting purposes. Adjusted EBITDA should not be viewed as a substitute for the Company's GAAP results.

Adjusted EBITDA is defined as net income before interest, income taxes, depreciation and amortization. The adjustments on this schedule consist of depreciation, amortization of intangible assets, and stock compensation expenses.
