

PCTEL Reports \$20.6 Million in First Quarter Revenue

May 7, 2019

BLOOMINGDALE, III.--(BUSINESS WIRE)--May 7, 2019-- PCTEL, Inc. (Nasdaq: PCTI) announced its results for the first quarter ended March 31, 2019.

Highlights

- Revenue of \$20.6 million in the quarter, 5% lower compared to the prior year. Compared to the first quarter 2018, the first quarter revenue was higher by 38% for the test and measurement product line and lower by 15% for the antenna product line.
- Gross profit margin of 42.0% in the quarter, up 5.8% compared to gross profit margin in the prior year. The increase in the quarter is a result of improved profitability for scanning receivers and antennas.
- GAAP net loss per share of \$0.02 in the guarter compared to a GAAP loss of \$0.05 per share in the guarter last year.
- Non-GAAP net income and adjusted EBITDA are measures the Company uses to reflect the results of its core earnings. A reconciliation of those non-GAAP measures to our financial statements is provided later in the press release.
- Non-GAAP net income per share of \$0.04 in the quarter compared to a net loss of \$0.01 in the first quarter last year.
- Adjusted EBITDA margin as a percent of revenue of 7% in the quarter compared to 2% in the prior year.
- \$35.0 million of cash and short-term investments at March 31, 2019 and no debt.

"We are pleased that early demand for 5G test and measurement tools continues to drive revenue growth and profitability for scanning receivers. We expect this to continue as wireless operators deploy 5G networks in the US, Europe and Asia," said David Neumann, PCTEL's CEO. "In addition, 5G and enterprise Wi-Fi networks require engineered antenna and radio systems to enable industrial IoT for both public and private applications. We are positioned well to provide our antenna solutions for these applications in enterprise wireless, intelligent transportation and industrial IoT markets."

About PCTEL

PCTEL, Inc. is a leading global supplier of antennas and wireless network testing solutions. Founded in 1994, we are currently celebrating our 25th anniversary. PCTEL's <u>precision antennas</u> are deployed in small cells, enterprise Wi-Fi access points, fleet management and transit systems, and in equipment and devices for the Industrial Internet of Things (IIoT). We offer in-house design, testing, radio integration, and manufacturing capabilities for our customers. PCTEL's <u>test and measurement tools</u> improve the performance of wireless networks globally, with a focus on LTE, public safety, and emerging 5G technologies. Network operators, neutral hosts, and equipment manufacturers rely on our scanning receivers and testing solutions to analyze, design, and optimize their networks.

PCTEL Safe Harbor Statement

This press release and our related comments in our earnings conference call contain "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Specifically, the statements regarding our future financial performance, growth of our antenna solutions and test and measurement businesses, the impact of our redefined market segments and our 2018 cost reduction actions, the anticipated demand for certain products including those related to antennas, the industrial IoT and the rollout of 5G, the impact of tariffs on certain imports from China, and the anticipated growth of public and private wireless systems are forward-looking statements within the meaning of the safe harbor. These statements are based on management's current expectations and actual results may differ materially from those projected as a result of certain risks and uncertainties, including the impact of data densification and IoT on capacity and coverage demand, impact of 5G, customer demand for these types of products and services generally including demand from customers in China, growth and continuity in PCTEL's defined market segments, and PCTEL's ability to grow its wireless products business and create, protect and implement new technologies and solutions. These and other risks and uncertainties are detailed in PCTEL's Securities and Exchange Commission filings. These forward-looking statements are made only as of the date hereof, and PCTEL disclaims any obligation to update or revise the information contained in any forward-looking statement, whether as a result of new information, future events or otherwise.

This schedule reconciles the Company's GAAP operating loss to its non-GAAP operating income (loss). The Company believes that presentation of this schedule provides meaningful supplemental information to both management and investors that is indicative of the Company's core operating results and facilitates comparison of operating results across reporting periods. The Company uses these non-GAAP measures when evaluating its financial results as well as for internal planning and forecasting purposes. These non-GAAP measures should not be viewed as a substitute for the Company's GAAP results.

The adjustments to GAAP operating loss (a) consist of stock compensation expense and amortization of intangible assets. The adjustments to GAAP net loss include the non-GAAP adjustments to operating loss as well as adjustments for (b) non-cash income tax expense.
