PCTEL Exhibits Wi-Fi Product Portfolio at "The Wireless LAN Event" in London

CHICAGO, May 22, 2003 (BUSINESS WIRE) --

PCTEL, Inc. (NASDAQ:PCTI), a leading provider of Internet access technology, 802.11 mobility software, and software-defined radio products, is a featured exhibitor at this event, billed as "the biggest and best" Wi-Fi exhibition in Europe, May 22 - 23 in Olympia, London (booth 36b). PCTEL will demonstrate the entire Segue(TM) product line, including its Roaming Client, Network Gateway and Controller, and the recently announced Segue(TM) SAM soft access point product.

"We have strengthened our Wi-Fi portfolio considerably over the last six months and we look forward to presenting our value proposition to Wi-Fi and cellular service providers and Wi-Fi device manufacturers serving European markets," said Biju Nair, vice president and general manager of PCTEL's Segue(TM) Products division.

PCTEL offers four innovative mobility software products. Its Segue(TM) Roaming Client enables both laptop PCs and Pocket PCs to roam between different 802.11 environments and also roaming between WLAN and cellular networks such as GPRS, CDMA2000 1X, WCDMA (FOMA) and PHS. PCTEL's Segue(TM) Network Gateway and Segue(TM) Controller perform all of the routing, authentication, IP addressing, security, and billing functions required in public 802.11 networks. PCTEL's Segue(TM) SAM turns any PC into a Wi-Fi access point without the need for external devices such as routers and access points.

More information about this event can be obtained at: <http://www.wlanevent.com/home>.

ABOUT PCTEL

PCTEL, founded in March 1994, is a leading provider of Internet access technology, 802.11 mobility software and software-defined radio products. PCTEL's products include WLAN software products (Segue(TM) Product Line) that simplify installation, roaming, Internet access and billing. Through its subsidiary, DTI, the company designs, develops and distributes OEM receivers and receiver-based products that measure and monitor cellular networks. The company maintains a portfolio of more than 120 analog and broadband communications and wireless patents, issued or pending, including key and essential patents for modem technology. The company's products are sold to PC manufacturers, PC card and board manufacturers, wireless carriers, wireless ISPs, software distributors, wireless test and measurement companies, and system integrators. PCTEL headquarters are located at 8725 West Higgins Road, Suite 400, Chicago, IL 60631. Telephone: 773-243-3000. For more information, please visit our web site at: <http://www.pctel.com>.

PCTEL SAFE HARBOR

This press release contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995, including statements regarding the company's product portfolio. These forward-looking statements are subject to known and unknown risks and uncertainties that could cause actual results to differ materially from those anticipated in any forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, uncertainties with respect to market demand for access technology, pricing considerations, the company's ability to protect its intellectual property and other risks and uncertainties detailed in the company's annual and quarterly filings with the Securities and Exchange Commission. These forward-looking statements are made only as of the date hereof, and PCTEL disclaims any obligation to update or revise the information contained in any forward-looking statements, whether as a result of new information, future events or otherwise.
