PCTEL Reports \$21.2 Million in Fourth Quarter Revenue

BLOOMINGDALE, Illinois - March 14, 2019 - PCTEL, Inc. (Nasdaq: PCTI) announced its results for the fourth quarter ended December 31, 2018.

Highlights from Continuing Operations

- Revenue of \$21.2 million in the quarter and \$83.0 million for the year, 9% lower in the quarter and 9% lower for the year compared to the prior year. Revenue was lower in both the antenna and test & measurement product lines in the quarter and for the year compared to the prior year.
- Gross profit margin of 40.9% in the quarter and 37.5% for the year, down 3.1% in the quarter and 4.9% for the year compared to the prior year. The decrease in the quarter is due to lower test & measurement product revenue which has higher gross margin compared to antenna products. The decrease for the year is due to both the lower test & measurement product revenue and price erosion in the small cell antenna market.
- GAAP net loss per share of \$0.53 in the quarter and a GAAP net loss of \$0.75 for the year, compared to net income of \$0.19 per share in the quarter and \$0.24 for the year in the prior year. Approximately \$0.51 per share of the GAAP net loss in the quarter and \$0.54 of the GAAP net loss in the year are attributed to non-cash income tax expense related to the Company's valuation allowance for deferred tax assets. The income tax adjustment reflects a full valuation allowance on the Company's deferred tax assets.
- Non-GAAP net income and adjusted EBITDA are measures the Company uses to reflect the results of its core earnings. A reconciliation of those non-GAAP measures to our financial statements is provided later in the press release.
 - Non-GAAP net income per share of \$0.03 in the quarter and a net loss of \$0.04 for the year compared to net income of \$0.08 in the quarter and \$0.28 for the year in the prior year.
 - Adjusted EBITDA margin as a percent of revenue of 6% in the quarter and 2% for the year compared to 10% in the quarter and 9% for the year in the prior year.
- \$35.2 million of cash and short-term investments at December 31, 2018 and no debt.

"Our combined sales force with a dedicated business development team is having a real impact in public safety, industrial IoT and 5G targeted markets," said David Neumann, PCTEL'S CEO. "It is encouraging to see all the major U.S. operators, along with leading operators in Europe and Asia, deploying 5G networks. This drives test and measurement sales for deployments today and will drive growth in our small cell, transit and industrial IoT

solutions over the long term. After a challenging year, we are pleased to see sequential growth in revenue and earnings in the fourth quarter."

CONFERENCE CALL / WEBCAST

PCTEL's management team will discuss the Company's results today at 4:30 p.m. ET. The call can be accessed by dialing (888) 782-2072 (U.S. / Canada) or (706) 679-6397 (International), conference ID: 2979119. The call will also be webcast at http://investor.pctel.com/news-events/webcasts-presentations.

REPLAY: A replay will be available for two weeks after the call on either the website listed above or by calling (855) 859-2056 (U.S./Canada), or International (404) 537-3406, conference ID: 2979119.

About PCTEL

PCTEL, Inc. is a leading global supplier of antennas and wireless network testing solutions. Founded in 1994, we are currently celebrating our 25th anniversary. PCTEL's precision antennas are deployed in small cells, enterprise Wi-Fi access points, fleet management and transit systems, and in equipment and devices for the Industrial Internet of Things (IIoT). We offer in-house design, testing, radio integration, and manufacturing capabilities for our customers. PCTEL's test and measurement tools improve the performance of wireless networks globally, with a focus on LTE, public safety, and emerging 5G technologies. Network operators, neutral hosts, and equipment manufacturers rely on our scanning receivers and testing solutions to analyze, design, and optimize their networks.

For more information, please visit our website at https://www.pctel.com/.

PCTEL Safe Harbor Statement

This press release and our related comments in our earnings conference call contain "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Specifically, the statements regarding our future financial performance, growth of our antenna solutions and test and measurement businesses, anticipated demand for certain products including those related to antennas, the industrial IoT and the rollout of 5G, our expectations regarding increasing capital expenditures in 2019 by wireless operators, the impact of tariffs on certain imports from China, and the anticipated growth of public and private wireless systems are forward-looking statements within the meaning of the safe harbor. These statements are based on management's current expectations and actual results may differ materially from those projected as a result of certain risks and uncertainties, including the impact of data densification and IoT on capacity and coverage demand, impact of 5G, customer demand for these types of products and services generally including demand from customers in China, growth and continuity in PCTEL's vertical markets, and PCTEL's wireless products business and create, protect and implement new technologies and solutions. These and uncertainties are detailed in PCTEL's Gecurities are detailed in PCTEL's detained only as of the date hereof, and PCTEL disclaims any obligation to update or revise the information contained in any forward-looking statements, whether as a result of new information, future events or otherwise.

Intangible amortization	252		291	1,084		1,162	
Stock compensation expenses	689		547	3,261		3,004	
Adjusted EBITDA	\$ 1,234	\$	2,346	\$ 1,525	\$	8,165	
% of revenue	 5.8%		10.1%	1.8%		8.9%	

This schedule reconciles the Company's GAAP operating loss to Adjusted EBITDA. The Company believes that this schedule provides meaningful supplemental information to both management and investors that is indicative of the Company's core operating results and facilitates comparison of operating results across reporting periods. The Company uses Adjusted EBITDA when evaluating its financial results as well as for internal planning and forecasting purposes. Adjusted EBITDA should not be viewed as a substitute for the Company's GAAP results.

Adjusted EBITDA is defined as net income before interest, income taxes, depreciation and amortization. The adjustments on this schedule consist of depreciation, amortization of intangible assets, and stock compensation expenses.
