PROXY STATEMENT FOR THE 2002 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

The board of directors of PCTEL, Inc. is soliciting proxies for the 2002 Annual Meeting of Stockholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

Our board of directors has set April 19, 2002 as the record date for the meeting. Stockholders who owned our common stock at the close of business on April 19, 2002 are entitled to vote at and attend the meeting, with each share entitled to one vote. There were 20,018,732 shares of our common stock outstanding on the record date. On the record date, the closing price of our common stock on The Nasdaq National Stock Market was \$8.531 per share.

This proxy statement is being mailed on or about April 24, 2002 to stockholders entitled to vote at the meeting.

In this proxy statement:

- “We” and “PCTEL” mean PCTEL, Inc.
- If you hold shares in “street name,” it means that your shares are held in an account at a brokerage firm and the stock certificates and record ownership are not in your name.
- “NASD” means the National Association of Securities Dealers.
- “SEC” means the Securities and Exchange Commission.
- “Beneficial ownership” of stock is defined under various SEC rules in different ways for different purposes, but it generally means that, although you (or the person or entity in question) do not hold the shares of record in your name, you do have investment or voting control (and/or an economic or “pecuniary” interest) in the shares through an agreement, relationship or the like.

QUESTIONS AND ANSWERS

Q: When and where is the stockholder meeting?

A: Our annual meeting of stockholders is being held on Wednesday, May 29, 2002 at 10:00 a.m. at our headquarters, located at 1331 California Circle, Milpitas, California.

Q: Why am I receiving this proxy statement and proxy card?

A: You are receiving this proxy statement and the accompanying proxy card because you owned shares of our common stock on the record date. This proxy statement describes issues on which we would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision. The proxy card is used for voting.

Q: What is the effect of signing and returning my proxy card?

A: When you sign and return the proxy card, you appoint John Schoen and Martin H. Singer as your representatives at the meeting. Messrs. Schoen and Singer will vote your shares at the meeting as you have instructed them on the proxy card. This way, your shares will be voted whether or not you attend the annual meeting. Even if you plan to attend the meeting, it is a good idea to complete, sign and return your

[Table of Contents](#)

proxy card or vote via the Internet or telephone in advance of the meeting just in case your plans change. You can vote in person at the meeting even if you have already sent in your proxy card.

If an issue comes up for a vote at the meeting that is not described in this proxy statement, Mr. Schoen and Mr. Singer will vote your shares, under your proxy, in their discretion.

If you do not indicate on the proxy card how you want your votes cast, the proxies (as your representatives) will vote your shares FOR all of management's nominees for directors.

Q: What am I voting on?

A: You are being asked to vote on the election of three nominees to serve on our board of directors until the terms expire at the 2005 annual stockholders' meeting.

Q: How do I vote?

A: There are four methods by which you may vote. Please see the detailed instructions provided on your proxy card for more information on each method.

- Place your vote by telephone;
- Place your vote via the Internet;
- Mail in your completed, signed and dated proxy card; or
- Vote in person by attending our annual meeting.

Q: What does it mean if I receive more than one proxy card?

A: It means that you have multiple accounts with the transfer agent and/or with stockbrokers. Please sign and return all proxy cards to ensure that all of your shares are voted.

Q: What if I change my mind after I return my proxy card?

A: You may revoke your proxy (that is, cancel it) and change your vote at any time prior to the voting at the annual meeting by providing written notice to our corporate secretary at the following address: 1331 California Circle, Milpitas, California 95035, Attn: John Schoen.

You may also do this by:

- Signing another proxy card with a later date;
- Voting in person at the meeting; or
- Voting via the Internet or by telephone on a date after the date on your proxy card (your latest proxy is counted).

Q: Will my shares be voted if I do not sign and return my proxy card?

A: If your shares are held in street name, your brokerage firm may either vote your shares on "routine matters" (such as the election of directors) or leave your shares unvoted. Your brokerage firm may not vote on "non-routine matters."

Q: How many votes may be cast at the meeting?

A: As of the record date, 20,018,732 shares of common stock were outstanding. Each outstanding share of common stock entitles the holder of such share to one vote on all matters covered in this proxy statement. Therefore, there are a maximum of 20,018,732 votes that may be cast at the meeting.

Q: What is a “quorum”?

A: A “quorum” is the number of shares that must be present, in person or by proxy, in order for business to be transacted at the meeting. The required quorum for the annual meeting is a majority of the shares outstanding on the record date. There must be a quorum present for the meeting to be held. All completed and signed proxy cards, Internet votes, telephone votes and votes cast by those stockholders who attend the annual meeting in person, whether representing a vote FOR, AGAINST, WITHHELD, ABSTAINED, or a broker non-vote, will be counted toward the quorum.

Q: How are abstentions counted?

A: If you return a proxy card that indicates an abstention from voting in all matters, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the annual meeting.

Q: What is a “broker non-vote?”

A: Under the rules that govern brokers who have record ownership of shares that are held in “street name” for their clients (who are the beneficial owners of the shares), brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Thus, if the proposals to be acted upon at the meeting include both routine and non-routine matters, the broker may turn in a proxy card for uninstructed shares that votes “FOR” routine matters, but expressly states that the broker is NOT voting on the non-routine matters. The vote with respect to the non-routine matter in this case is referred to as a “broker non-vote.”

Q: How are broker non-votes counted?

A: Broker non-votes are counted for the purpose of determining the presence or absence of a quorum, but are not counted for determining the number of votes cast for or against a proposal.

Q: What is the required vote for the proposal to elect directors to pass?

A: The three nominees receiving the highest number of votes, in person or by proxy, will be elected as directors.

Q: Who is soliciting my vote?

A: We are making and will bear the entire cost of this proxy solicitation, including the preparation, assembly, printing and mailing of proxy materials. We may reimburse brokerage firms and other custodians for their reasonable out-of-pocket expenses for forwarding these proxy materials to you. We expect our transfer agent, Wells Fargo Bank, MN N.A., to tabulate the proxies and to act as inspector of the election. In addition to this solicitation by mail, proxies may be solicited by our directors, officers and other employees by telephone, the Internet or fax, in person or otherwise. None of these persons will receive any additional compensation for assisting in the solicitation.

We shall provide without charge to each stockholder solicited by these proxy solicitation materials a copy of our Annual Report on Form 10-K, together with the financial statements and financial statement schedules required to be filed with the Annual Report, upon written request sent to PCTEL, Inc., 1331 California Circle, Milpitas, California 95035, Attn: John Schoen, Chief Financial Officer.

Deadline for Receipt of Stockholder Proposals for 2003 Annual Meeting

Stockholders are entitled to present proposals for action at a forthcoming meeting if they comply with the requirements of the proxy rules promulgated by the SEC. Proposals of stockholders intended to be presented for consideration at our 2003 annual meeting of stockholders must be received by us no later than December 26, 2002 in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

[Table of Contents](#)

The attached proxy card grants the proxy holders discretionary authority to vote on any matter raised at the annual meeting. If you intend to submit a proposal at the 2003 annual meeting that is not eligible for inclusion in the proxy statement and form of proxy relating to that meeting, you must do so no later than March 10, 2003. If you fail to comply with the foregoing notice provision, the proxy holders at the 2003 annual meeting will be allowed to use their discretionary voting authority when the proposal is raised at that meeting.

SUMMARY OF PROPOSAL

The board of directors has included one proposal on the agenda for our annual meeting. The following is a brief summary of the matters to be considered and voted upon by our stockholders.

Election of Directors

We have a classified board of directors that currently consists of seven directors. Each director serves a three year term. The sole proposal on the agenda for our annual meeting is the election of three Class III directors to serve until our 2005 annual meeting. Our board of directors has nominated Giacomo Marini, Martin H. Singer and Richard D. Gitlin to serve as our Class III directors. Additional information about the election of directors and a brief biography of each nominee begins in the section below.

Our board recommends a vote for each of the three nominees.

Other Matters

Other than the proposal listed above, our board of directors does not intend to present any other matters to be voted on at the meeting. Our board is not currently aware of any other matters that will be presented by others for action at the meeting. However, if other matters are properly presented at the meeting and you have signed and returned your proxy card or voted on the Internet or by telephone, the proxies will have discretion to vote your shares on these matters to the extent authorized under the Exchange Act.

ELECTION OF DIRECTORS

Nominees

We have a classified board of directors currently consisting of two Class I directors, Peter Chen and Brian J. Jackman, whose terms shall expire at our 2003 annual stockholders' meeting; two Class II directors, Richard C. Alberding and Carl A. Thomsen, whose terms shall expire at our 2004 annual stockholders' meeting; and three Class III directors, Mike Min-Chu Chen, Giacomo Marini and Martin H. Singer, whose terms shall expire at our 2002 annual stockholders' meeting. At each annual meeting of stockholders, directors are elected for a term of three years to succeed those directors whose terms expire on the annual meeting dates.

In October 2001, William F. Roach resigned as our president and chief executive officer, and as a member of our board of directors. We would like to thank Mr. Roach for his service and counsel as our president and chief executive officer and as a director.

In addition, Mike Min-Chu Chen will resign from our board after our annual stockholders' meeting. We would also like to thank Mr. Chen for his services and counsel as a director.

The nominees for election at the annual stockholders' meeting as Class III directors are Giacomo Marini, Martin H. Singer and Richard D. Gitlin. Mr. Gitlin is nominated as the successor to Mike Min-Chu Chen. If elected, Mr. Marini, Mr. Singer and Mr. Gitlin will serve as directors whose terms shall expire at the annual stockholders' meeting in 2005.

The proxy holders may not vote the proxies for a greater number of persons than the number of nominees named. Unless otherwise instructed, the proxy holders will vote the proxies received by them for our three Class III director nominees. In the event that any of our nominees is unable or declines to serve as a director

[Table of Contents](#)

at the time of the annual meeting, the proxies will be voted for any nominee who shall be designated by the present board of directors to fill the vacancy. We are not aware that any of our nominees will be unable or will decline to serve as a director. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many of the nominees as possible and, in such event, the specific nominees to be voted for will be determined by the proxy holders.

Compensation of Directors

Directors currently receive a yearly retainer of \$12,500 and receive \$2,500 per board meeting attended and \$1,000 per committee meeting attended, however if a board meeting is conducted by teleconference directors receive \$1,000 for each such meeting in which they participate. Our 1998 director option plan provides for the non-discretionary, automatic grant of options to each of our non-employee directors. Each new non-employee director is automatically granted an option to purchase 15,000 shares on the date on which such person first becomes a director. These initial grants vest over a period of three years, with one-third of the number of shares granted vesting on each anniversary of the date of grant, provided that the optionee continues to serve as a director on these dates. Furthermore, each non-employee director is automatically granted an additional option to purchase 7,500 shares of common stock on January 1 of each year, provided that he or she has served on the board of directors for at least six months. These subsequent grants vest fully on the first anniversary of the date of grant, provided that the optionee continues to serve as a director on such date. Under the terms of the director option plan, the exercise price of options granted to nonemployee directors must be 100% of the fair market value of our common stock on the date of grant.

Please see "Certain Relationships and Related Transactions" beginning on page 16 for a description of our consulting arrangement with Martin Singer entered into in February 2001 in connection with his appointment as non-executive chairman of our board of directors, under which we paid Mr. Singer an aggregate of \$201,083 between February 2001 and October 2001 when Mr. Singer became our president and chief executive officer. Mr. Singer was also granted options to purchase common stock in his capacity as a consultant and in connection with his February 2001 appointment as non-executive chairman of our board of directors.

Compensation Committee Interlocks and Insider Participation

During fiscal 2001, none of the members of the compensation committee were officers or employees of PCTEL while they served as members of the compensation committee. Please note that Peter Chen became a member of the compensation committee on February 15, 2001 after his resignation as our chief executive officer. No member of the compensation committee serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our board of directors or compensation committee.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of our common stock as of March 15, 2002 by:

- each stockholder known by us to beneficially own more than 5% of our common stock;
- each of our directors, including director nominees;
- each of our executive officers named in the summary compensation table on page 10; and
- all of our directors and executive officers as a group, including director nominees.

Beneficial ownership is determined based on the rules of the SEC. Percent of beneficial ownership is based upon 20,000,170 shares of our common stock outstanding as of March 15, 2002. In addition, shares of common stock subject to options that are exercisable as of March 15, 2002 or will become exercisable on or before May 14, 2002, 60 days subsequent to March 15, are treated as outstanding and to be beneficially owned by the person holding the options for the purpose of computing the percentage ownership of person and are listed below under the “Number of Shares Underlying Options” column below, but those option shares are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, we believe the stockholders listed below have sole voting or investment power with respect to all shares listed beside each stockholder’s name, subject to applicable community property laws.

Option Grants During Last Fiscal Year

The following table shows information regarding stock options granted to the named executive officers during the fiscal 2001. Potential realizable values with respect to such options are computed by:

- Multiplying the number of shares of common stock underlying each option by the exercise price,
- Assuming that the total stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire ten-year term of the option, and
- Subtracting from that result the total option exercise price.

The 5% and 10% annual return rate is based on the rules of the SEC and do not reflect projections or estimates of future stock price growth. Actual gains, if any, on stock option exercises will be dependent on the future performance of our common stock.

The percentage of total options is based on an aggregate of 2,864,190 options granted by us to our employees, directors and consultants, including the named executive officers, during fiscal 2001. The 2,864,190 shares of common stock subject to options granted in fiscal 2001 includes 473,900 shares granted under our 2001 nonstatutory stock option plan adopted by our board of directors in October 2001. Under such plan, we have reserved a total of 750,000 shares of common stock, including the shares subject to options granted in fiscal 2001. Under the terms of such plan, no options may be granted under the plan to executive officers or directors. The 2,864,190 shares of common stock subject to options granted in fiscal 2001 does not include 235,000 shares of common stock awarded pursuant to restricted stock grants made in fiscal 2001. See the summary compensation table on page 10 for a discussion of the restricted stock awards that were made to our named executive officers.

The per share exercise price of stock option grants is equal to the closing sales price of our common stock as reported by The Nasdaq National Market on the date of grant.

Aggregate Option Exercises During Last Fiscal Year and Fiscal Year-End Option Values

The following table presents information regarding the named executive officers concerning option exercises for fiscal 2001 and exercisable and unexercisable options held by such individuals as of December 31, 2001. The “Value Realized” on option exercises is equal to the difference between the closing sales price of our common stock as reported by The Nasdaq National Market on the date of exercise less the option exercise price. The “Value of Unexercised In-The-Money Options at December 31, 2001” is based on a price of \$9.71 closing sales price of our common stock on December 31, 2001 as reported by The Nasdaq.

National Market, minus the weighted average per share exercise price of options held by such named executive officer, multiplied by the aggregate number of shares underlying the unexercised options held by such officer. The option exercise information in the table does not include the 75,000 shares of common stock awarded to each of Messrs. Singer and Roach in fiscal 2001 or the 15,000 shares of common stock awarded to Mr. Rao during fiscal 2001. With the exception of Biju Nair, our general manager, wireless programs, and Michael Pastor, our vice president, human resources, who each failed to timely file a Form 3 disclosing that they had become a Section 16 reporting person (but each of whom did make such Form 3 filing late) and based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons, we believe that during fiscal 2001 all executive officers and directors complied with all applicable filing requirements.

EMPLOYMENT AGREEMENTS AND CHANGE IN CONTROL ARRANGEMENTS

Generally

We require each of our employees to enter into confidentiality agreements prohibiting the employee from disclosing any of our confidential or proprietary information. In addition, the agreements generally provide that, upon termination, the employee will not solicit our employees. In general, our employees do not have any written employment agreements with us.

Management Retention Agreements

In March 2000, our board of directors authorized the implementation of a management retention program with members of our management and certain other key employees. Upon the involuntary termination of such individual's employment within 12 months following a change of control transaction, such executive officers and key employees will receive the following benefits:

- Director-level and other key employees: cash severance equal to (i) 75% of annual compensation plus (ii) 100% of targeted bonus compensation and 12 months of continued health benefits.

In addition, the vesting with respect to all equity awards held by the participants in our management retention program will accelerate so such equity awards shall become fully vested. To date, the participants in the program at the director level or below have not been designated.

In addition, we granted Mr. Singer (i) options to purchase up to 200,000 shares of our common stock at a purchase price of \$6.66 per share, with all of the shares vesting ratably on a monthly basis over three years, and (ii) 75,000 shares of restricted common stock with our repurchase right lapsing with respect to 50% of such restricted shares on December 31, 2002 and the remaining shares on December 31, 2003. Such employment agreement also provides that in the event Mr. Singer's employment is involuntarily terminated other than for cause (other than following a change of control where the benefits to be received under such scenario are governed by the management retention agreements described above), Mr. Singer will receive 12 months continued salary, up to 18 months continued health benefits and continued vesting with respect to his equity awards for the 12 months following his termination date.

See "Certain Relationships and Related Transactions" beginning on page 13 for a description of our arrangement with Mr. Singer as a consultant prior to his becoming our chief executive officer.

Severance Agreements

During fiscal 2001 we entered into severance agreements and releases with several former executive officers, including certain named executive officers. The terms of such agreements are described under "Certain Relationships and Related Transactions" beginning on page 13.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Notwithstanding any statement to the contrary in any of our previous or future filings with the SEC, this report of the audit committee of the board of directors shall not be deemed “filed” with the SEC or “soliciting material” under the Exchange Act, and shall not be incorporated by reference into any such filings.

The audit committee of the board of directors is composed of four independent directors (each of which is independent under applicable NASD rules) appointed by the board of directors, and it operates under a written charter adopted by the board of directors in March 2000. The members of the audit committee during fiscal 2001 were Richard Alberding, Giacomo Marini, Mike Min-Chu Chen and Carl Thomsen.

The purpose of the audit committee is to make such examinations as are necessary to monitor our management and the independent public accountants and their activities with respect to our financial controls and financial reporting process. The committee provides the board of directors with the results of the committee’s examinations and recommendations, outlines to the board improvements made or to be made in internal accounting controls, nominates independent public accountants and provides the board with any additional information and materials as the committee may deem necessary to make the board aware of significant financial matters that require the board’s attention. The audit committee does not conduct auditing reviews or procedures. The audit committee relies on management’s representation that PCTEL’s financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in such auditors’ report on PCTEL’s financial statements.

In this context, the audit committee has met and held discussions separately and jointly with each of management and Arthur Andersen LLP, our independent public accountants for the 2001 fiscal year. Management represented to the audit committee that the consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the audit committee has reviewed and discussed the consolidated financial statements with management and the independent public accountants. The audit committee also discussed with Arthur Andersen LLP those matters required to be discussed by the Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380).

In connection with new standards for independence of external auditors promulgated by the SEC, during the 2002 fiscal year, the audit committee will consider, in advance of the provision of any non-audit services by our independent public accountants, whether the provision of such services is compatible with maintaining the independence of the external auditors.

Arthur Andersen LLP also provided to the audit committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the audit committee discussed with the independent public accountants that firm’s independence.

Based on the audit committee’s discussion with management and the independent public accountants and the audit committee’s review of the representation of management and the report of the independent public accountants to the audit committee, the audit committee recommended that the board of directors include the audited consolidated financial statements in our annual report on Form 10-K for the year ended fiscal 2001 filed with the SEC.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

Notwithstanding any statement to the contrary in any of our previous or future filings with the SEC, this report of the compensation committee of the board of directors shall not be deemed “filed” with the SEC or “soliciting material” under the Exchange Act, and shall not be incorporated by reference into any such filings.

The compensation committee of the board of directors reviews and approves our executive compensation policies. The following is the report of the compensation committee describing the compensation policies and rationales applicable to our executive officers with respect to the compensation paid to such executive officers for fiscal 2001. The members of the compensation committee throughout fiscal 2001 were Richard C. Alberding, Peter Chen and Giacomo Marini.

Responsibilities of the Committee

Acting on behalf of the board of directors, the compensation committee’s responsibilities include the following:

- Reviewing the performance of the chief executive officer and other executive officers;
- Recommending to the board of directors the total compensation package for the chief executive officer and determining the compensation for the other executive officers;
- Reviewing the compensation philosophy for our employees, including the chief executive officer and other executive officers; and
- Administering our employee stock option and employee stock purchase plans, including determining eligibility and the number and type of options to be granted and the terms of such grants.

Compensation Philosophy

Our philosophy in setting compensation policies for executive officers is to maximize stockholder value over time. The primary goal of our executive compensation program is, therefore, to closely align the interests of the executive officers with those of our stockholders. To achieve this goal, we attempt to offer compensation opportunities that give us the opportunity to attract and retain executives whose abilities are critical to our long-term success, motivate individuals to perform at their highest level and reward outstanding achievement. In addition, we attempt to maintain a portion of each executive’s total compensation at risk and tied to our achievement of financial, organizational and management performance goals, thus encouraging executives to manage from the perspective of owners with an equity stake in us. To achieve these goals, the compensation committee has established an executive compensation program primarily consisting of cash compensation, stock options, restricted stock grants, long-term equity incentives and other compensation and benefit programs generally available to other employees.

Executive Officer Compensation

The cash component of total compensation, which consists of base salary, bonus is designed to compensate executives competitively within the industry and marketplace. The compensation committee, on an annual basis, reviews and recommends to the board of directors the base salary for the chief executive officer and reviews and approves the base salaries for our other executives annually. Our executives’ base salaries in fiscal 2001 were established by the compensation committee based upon each executive’s scope of job responsibilities, level of experience, past performance, contribution to our business, and data on prevailing compensation levels in relevant markets for executive talent. Regarding the latter measure, certain companies included in the peer group index of the stock performance graph are also included in surveys reviewed by the compensation committee in reviewing salary levels for our chief executive officer and other executive officers.

In addition to base salary, we pay quarterly bonuses to our executive officers. Quarterly bonuses are intended to provide a direct link between management compensation and the achievement of corporate and individual objectives. The amount of bonus is determined as a percentage of the base salary for the executive for the year. At the end of the quarter, performance is assessed and the amount of bonus payable, if any, is

determined. Sales and marketing executives are also eligible for additional cash payments above their base salaries for achieving specific performance goals or in connection with sales commissions.

We provide long-term incentives through the grant of restricted stock and stock options under our stock option plans, particularly our 1997 stock plan and our 1998 employee stock purchase plan. The purpose of our 1997 stock plan is to attract and retain the best employee talent available and to create a direct link between compensation and our long-term performance. The compensation committee believes that stock and options directly motivate an executive to maximize long-term stockholder value. The stock and options also utilize vesting periods to encourage key executives to continue in our employment. All stock and options granted to executive officers to date have been granted at the fair market value of our common stock on the date of grant. The board considers each stock and option grant subjectively, considering factors such as the individual performance of the executive officer and the anticipated contribution of the executive officer to the attainment of our long-term strategic performance goals. Because the receipt of value by an executive officer under a stock grant or option is dependent upon an increase in the price of our common stock, this portion of the executive's compensation is directly aligned with an increase in stockholder value. Generally, restricted stock and/or stock options are granted to an executive officer in conjunction with the executive officer's acceptance of employment. When determining the number of shares of stock or the number of stock options to be awarded to an executive officer, the compensation committee considers the individual's current contribution to our performance, the executive officer's anticipated contribution in meeting our long-term strategic performance goals, and comparisons to formal and informal surveys of executive stock and option grants made by other peer companies. The compensation committee also reviews stock and option levels for executive officers at the beginning of each fiscal year in light of long-term strategic and performance objectives and each executive's current and anticipated contributions to our future performance.

2001 Chief Executive Officer Compensation

The compensation committee reviews the chief executive officer's salary using the same criteria and policies as are employed for the other executive officers. The compensation committee based its compensation recommendations for fiscal 2001 on a variety of factors, including the increasing scope and responsibility of the chief executive officer due to our status as a public company and comparisons of chief executive officer compensation levels for companies of similar size and maturity. The compensation committee also focused on our performance during fiscal 2000 in setting the compensation for fiscal 2001.

The compensation of Martin H. Singer, as our current chief executive officer and chairman of the board, from October through the end of fiscal 2001, consisted of \$72,660 in base salary and a \$125,000 bonus, a grant of options and a restricted stock grant. Mr. Singer's base salary for fiscal 2001 was \$350,000, and his bonus compensation was targeted at \$125,000 in fiscal 2001 and \$225,000 in fiscal 2002, subject to meeting certain milestones. In addition, in connection with his employment as our chief executive officer, Mr. Singer was granted an option to purchase up to 200,000 shares of our common stock, and he received a restricted stock grant for 75,000 shares of our common stock.

The compensation of William F. Roach, as our president and chief executive officer from February through October 2001, consisted of \$241,042 in base salary. Mr. Roach was also granted options to purchase up to 289,000 shares of our common stock, and he received a restricted stock grant for 75,000 shares of our common stock (which restricted stock was forfeited and returned to PCTEL in connection with Mr. Roach's resignation in October 2001). In addition, Mr. Roach will receive a total of \$335,000 pursuant to the terms of a severance agreement.

The compensation of Peter Chen, as our chief executive officer and chairman of the board during January and part of February 2001, consisted of \$34,788 in base salary. In addition, Mr. Chen will receive a total of \$270,000 pursuant to the terms of a severance arrangement of which \$220,500 was paid in fiscal 2001.

For further information regarding the severance arrangements with Messrs. Roach and Chen, please see under the section of this proxy captioned "Certain Relationships and Related Transactions" beginning on page 13.

Qualifying Compensation

The compensation committee has considered the potential impact of Section 162(m) of the Internal Revenue Code on the compensation paid to our executive officers. Section 162(m) generally disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for any of the executive officers named in the proxy statement, unless compensation is performance-based. None of the executive officers named in the proxy statement were compensated over \$1.0 million in 2001. In general, it is our policy to qualify, to the maximum extent possible, our executives' compensation for deductibility under applicable tax laws. In approving the amount and form of compensation for our executive officers, the compensation committee will continue to consider all elements of the cost of providing such compensation, including the potential impact of Section 162(m).

Financial Information Systems Design and Implementation Fees

We did not engage Arthur Andersen LLP to provide advice regarding financial information systems design and implementation during the fiscal year ended December 31, 2001.

Other Fees

Fees billed to us by Arthur Andersen LLP during the 2001 fiscal year for all audit-related services rendered totaled \$88,500 and all non-audit services rendered, including tax related services, totaled \$97,200.

Matters Related to Independent Auditors for Fiscal 2002

No accounting firm has been selected or recommended to audit our financial statements for the fiscal year ending December 31, 2002. In light of the recent events surrounding Arthur Andersen, we have decided to interview each of the major independent accounting firms, including Arthur Andersen LLP, in connection with the audit of our financial statements for fiscal 2002. The selection of the independent auditors will be based on the input of the audit committee, our board of directors and our chief financial officer.
